SEAMLESS TECHNOLOGY SM-DJ2T / SM-DJ2TS / SM-DJ / SM-DJS DOUBLE JERSEY

Double knit electronical circular knitting machine for rib knitting with 1 or 2 selection points on cylinder and dial on each feed, for the production of seamless garments for underwear, outerwear, sportswear, beachwear and sanitarywear in continuous tubular fabric and/or separated pieces having single welt and separation yarn. It is possible to knit all different types of rib as well as links structures due to the availability of one needle-by-needle selection in cylinder and dial. The SM-DJ and SM-DJS models are available without transfer and for gauge 22 only.
